Was in the midst of july and the spirits was high came in from the east with the sun in my eyes trough the gate to fate the spirits was great you better have a reason if you gonna be late alright

But who was Toto Contro over body and soul absolute commitment to his every...... turn up by the gate at the break of dawn and bring a bit of everything and everyone

In from the woods and the hills in from the cinema screen don't let reality kill your childhood dream

In from behind enemy lines in from the end of the skies in from as far an believe can recon a little bit of everyone and everything please you can come if you want to

Lovers gunned down in a cornfield a help doesn't matter they are not for real your monkey's gone blind and you've lost gow everybody wants to be a hero and baby will you wait for me
I won't be long
meet me at the break
of the golden dawn
meet me at the gate
I got the key with me

Do I have to explain or do you understand I'm not as well as you might think I am I'm just a regular guy let time go I'm just a regular guy let time go to the woods and the hills back to the cinema screen don't let reality kill my childhood dream in from as far as believe can reach s little bit of everyone and everything please you can come if you want to
