Lord, if that is your name  
I'm afraid I'm beyond honour and shame  
There's nothing special that I would like to say  
Most of the time I'm okay  
I know I may need you some day  
It's long since I heard from Thee  
Lord, it's long since you heard from me  
There's nothing special that I would like to say  
Most of the time I've been okay  
You know I'm gonna need you some day  
Why you put me, Lord, on this road of lust  
From ashes to ashes, from dust to dust  
There's nothing special that I would like to say  
Most of the time I've been okay  
You know I will need you some day
