Title: Slanted Floor

-----

Be my eyes  
Paint colours bright  
As day turns to night  
Baby, be my eyes

Tell me, Dear  
Was this freedom our share  
Was the cost for all to bare  
Tell me, Dear

Out here  
We dance along the rim  
Though non of us can swim  
Like we know the deep we're in  
And I,  
I feel like I felt before  
We live on a slanted floor

And so  
Tell me all the things we know  
Is heaven still above
