Night across the harbor  
Night light in the sky  
I hear the sound of water  
Boats are driftin' by

I've been waiting here for centuries  
I've lost my sense of time  
My love, you should have warned me  
There are many ways to die

Look at the moon  
There are many ways to die  
Cocoon

I'm deep inside this world now  
Got to take a step aside  
I'm deeper than I ever was  
I must have crossed a line

She just stood there in my way  
I see her all the time  
My love, you could've have told me  
There are many ways to die

Look at the moon  
There are many ways to die  
Cocoon

[Incomprehensible]  
Look at the moon  
Cocoon

This wind is blowing through me  
It is nothing I can fight  
Tomorrow I may lose her  
Tonight she's by my side

Her head upon my shoulder  
Her angels speak with mine  
She was sent to me to remind me  
There are many ways to die

Look at the moon  
There are many ways to die  
Cocoon  
There are many ways to die

Look at the moon  
Many ways to die  
Cocoon  
Watching centuries go by

Look at the moon  
Look at the moon  
Cocoon  
Watching centuries go by
