Mother of fear - whispers in my ear:  
Now the time has come, the last ring of the bell has  
rung  
the final minute of your life, destiny doesn't want your  
soul...  
You're to be judged, to fear in the last dimension  
Mother of fear

Destruction my save my tears, just can't cry my tears  
no more  
I was left alone at the path, then I didn't see that the  
last show was ment for me  
Mother of fear, now the time has come, mother of fear

Mother of fear - have mercy onmy soul,  
don't bend my faith into disappearence  
Then I'll damn you, damn to fear in fear,  
the mother fear shall to my feet kneel
