Eh, eh

Hey baby, what's your name and your number?

Cause I know that your mom is gonna wonder

What happened to the.. waving through the window

Laying down up against the window?

... you focus, you try to find me back

But we both know that's no more coming back

so before I come babe, can I get you digits?

I promise that I will love you for more than a minute!

Chorus: (x2)

Can I call you up like ring, ring, ring?

Can I call you up like ring, ring, ring?

Can I call you up like ring, ring, ring?

Can I call you up like ring, ring, ring?

You and I can talk all night, night kissing through the phone

Whenever I'm home alone,.. call you at the phone

Tell you how much that I love baby

And tell you how much you're driving me crazy

Even though I'm not a .. you know that I'm a man

and I'mma hold your hand, and I'mma be a man

Cause I'm the lucky one

Who's always gonna be there for you

Chorus: (x2)

Tell me, can I call you up like ring, ring, ring?

Can I call you up like ring, ring, ring?

Can I call you up like ring, ring, ring?

Can I call you up like ring, ring, ring?

Hey, baby you still keep calling me up

Cause I can put it down we can talk about some stuff

...it drives me crazy

We can talk for hours, no matter what baby.

We can hold hands and walk around the whole beach

Cause only he's so hot, and fell the sand on your feet.

We can fly only above the clouds in the sky

.. I'mma take you so high!

Chorus: (x2)

Can I call you up like ring, ring, ring?

Can I call you up like ring, ring, ring?

Can I call you up like ring, ring, ring?

Can I call you up like ring, ring, ring?
