baby would you love it if I could recover it--
the tired, disfigured, desired sentiment?
said I know that I don't wanna cycle through
in and out
of all these holes
through the cracks
of all these walls

baby would you love it if I could recover it--
the tired, disfigured, desired sentiment?
said I know that I don't wanna cycle through
in and out
of all these holes
through the cracks
of all these walls

said I know I believe
that it's all gonna be
in lineâ€¦|lineâ€¦|line

baby would you love it if I could be sitting here
with you
and I know all the reasons that I've been believing in
you
said I know that I don't wanna cycle through
in and out
of all these holes
through the cracks
of all these walls

said I knowâ€¦|I know you would
wanna wait
after all, you should
all the time you've believed
that it's all gonna be
in lineâ€¦|lineâ€¦|lineâ€¦|.
baby would you love it if I could be sitting here
with you
and I know all the reasons that I've been believing in
you
said I know that I don't wanna cycle through

in and out
of all these holes
through the cracks
of all these walls
and I know I would
said I know I should
