days and nights like a fire
creeping up a slope
and caught in the wire

I wanted this to be just like you'd said
everything is different now we're here

open your eyes man,
you'll see fire
delight in your mystery
laugh it off, laugh it off, laugh it off
Painful, the fight for man's desire
the eyes of the world streaming tears
laugh it off, laugh it off

and take me by the hand
lay me down
down innocent

I wanted you to know how bad this feels
living on your own with endless fear

open your eyes man,
you'll see fire
delight in your mystery
laugh it off, laugh it off, laugh it off
Painful, the fight for man's desire
the eyes of the world streaming tears
laugh it off, laugh it off, laugh it off

ohâ€¦ohâ€¦..
sing it out
sing it clear
sing it out
for me to hear

sing it out
sing it clear
sing it out
for me to hear

sing it out
sing it clear
sing it out
for me to hear

sing it out
sing it clear
sing it out
for me to hear

sing it out
sing it clear
sing it out
for me to hear

sing it out
sing it clear
sing it out
for me to hear

sing it out
for me to hear

sing it out
for me to hear
