I'm waiting  
Wish I was watching you  
In the daylight  
A perfect view  
This is always a favorite of mine.  
Said I don't want to go  
'Cause it means I'd have to throw  
This element of mine inside

What if I don't want to be the lonely one?  
The truth I know is this  
I don't want to miss you more  
Than I already do

I'm screaming  
My lungs out  
'Cause I'm wishing  
You were here with me now  
I'm impatient I apologize many times  
But I'm human  
And I'm selfish  
Got the feeling  
I should deal with this  
But I'm hiding  
Know one knows  
Â...they don't

So what if I don't want to be the lonely one?  
The truth I know is this  
I don't want to miss you more  
Than I already do

At sunrise  
I find a new releasing  
And moonlight  
Creeping sounds of you tonight  
Are you finding?  
I still need to know  
That you find  
Amusing memory

What if I don't want to be the lonely one?

The truth I know is this  
I don't want to miss you more, oh  
What if I don't want to be the lonely one?  
The truth I know is this  
I don't want to miss you more  
Than I already do  
Than I already do
