watch me
baby hopeful
cus I feel like you could understand
and I feel like you don't belong here
and I know exactly what you mean

(you) send me out
send me out
you send me out of here

hold me
don't let me fall
cus I've a fear being alone
And i feel like its been a long year
I wish for you to take me home

(you) send me out
send me out
you send me out of here

don't let the sun go down on your anger'
she would say
I know you've been right here
all the while and I would stay
I'm hoping you're the one
that saw me in the moon
somebody tell me my name before I leave here
soon

I find traces of hope along tears
And all the reckless reasons to hold on
I feel like falling when you rise
cus I
I know there's no point, no reason to fight

but you send me out
send me out
send me out
you send me out of here

you send me out

send me out
send me out
send me out of here
