wake up and taste this love grown cynical
cynical
I know exactly what you mean.
no no no no no no
I don't believe in your semi-miracle
miracle
that we are safe in grace in this place
and there's no more room

I'm going to go
please don't leave me all alone
cus in this strange new place
everybody finds a home
they find a home

well I've been afraid of pushing you away
you away
accused you as a cushion for my fall
no no no no no no
I don't believe that we're all heaven-sent
heaven-sent
but I believe
that there's such thing as
a change by graceâ€¦

I'm going to go
please don't leave me all alone
cus in this strange new place
everybody finds a home
they find a home

I want you to know
but you won't hear
I want you to fight
but you've no fists
I want you to know
