Oh I swear on all my cannons
That you are not the one for me
She wrote a song about her brother
Because he can't stop drinking

All the times that I stayed sober
The welfare check supporting me
She wrote a song about her father
Because he can't stop leaving

Lord I don't need to follow you
If you don't want me to
Wait, I still have all my cannons
Lord I can't stop me
She said Lord I don't need to follow you
If you don't want me to
Wait, I still have all your Cannons
And I can't stop missing

I've got a girl on the way
She says all the things that I want her to say
To change my world, but you know its gonna stay the
same
Oh I miss you more then Brooklyn baby
And I think about you only when I'm wrong
But I'm wrong all the time
I'm wrong all the time.

Lord I don't need to follow you
If you don't want me to
Wait, I still have all my cannons
Lord I can't stop me
She said Lord I don't need to follow you
If you don't want me to
Wait, I still have all your Cannons
And I can't stop missing

When we wake up inside ourselves
We see ourselves inside our love
So when I am inside of you
I really am inside outside myself
Can you see im listening please

Its ringing its ringing its ringing and you
Are
Born in your eyes
