I dont care what you do
She says shes in love with you
But i know
The devil wears a thousand faces
So what you telling me?
That you found love truely
But Let go
Or youll forget the basics
like whos your friends you know
The ones you always told you trusted
But your a double agent
Yes everybody tries, To run to perfect lives
but youve changed and boy i cannot take it

minute by minute
a love sweet love
i dont get why you haven't had enough
second by second
it wears you away and your gone

when will you just learn shes got youuuuu
wrapped round her little fingerrrrr X2

We were brothers man
and there were no others man
and i told u that all of this would happen
just look what you did
now ur a weird kid
and those girlies aren't good until u have one
well i'm not jealous of you
i'm just a fella who remembers
people you grew up
she's gunna eat your soul leave you with a hole
and each feeling no-one can fill it up

minute by minute
a love sweet love
i dont get why u havent had enough
secone by second
i edge u away and ur gone

when will you just learn she's got youuuuu
wrapped round her little fingerrrrr X2

its a thing that shes evil and that she will blow you away
and that she will steal everything that your meant to
say
your still around but your not who your were born
so why wont you sit and let reality dawn

when will you just learn shes got youuuuu
wrapped round her little fingerrrrr X2
