You made me realize
Your absence makes me lonely
And I can't take that kind of life
I'm suffering inside
My dreams just keep on falling
Without you by my side

Refrain:

My sun didn't rise at all
The day you built these walls
But still I'm longing for you

Chorus:

And I'll wait for you inside these walls
I'll break it up when you come home
I'll stand the pain til I am drain to see you again
And I'll wait for you and make you stay
Together we will spend the days of our love

Tears keep falling from my eyes
I'm afraid to face insanity
Will I ever see your smile again?
I'm wondering where you are
Blood is wasted on the floor
Did you came and cry the day that I died

Refrain:

My sun didn't rise at all
The day you built these walls
But still I'm longing for you

Chorus:

And I'll wait for you inside these walls
I'll break it up when you come home
I'll stand the pain til I am drain to see you again
And I'll wait for you and make you stay
Together we will spend the days of our love

Guitar solo

Refrain:

My sun didn't rise at all

The day you built these walls
But still I'm longing for you

Chorus:

And I'll wait for you inside these walls
I'll break it up when you come home
I'll stand the pain til I am drain to see you again
And I'll wait for you and make you stay
Together we will spend the days of our love
