

Mother Hips **"Emergency Exit"**

Visit "[Emergency Exit](#)" on MotoLyrics.com

how much would you sell
your lifetime for?
would you give up the way
you were brought up
for something you love?

how much do you think
that you've got to lose
I bet that it's more
then you want
more than you would ever choose

so give me an emergency exit
gets me out of here
and give me an emergency exit
gets me out of here
gets me out of here
gets me out of here

how many words can you try to say
when you know that the only right
words got lost on their way?
how long do you think
an icicle
it'll keep coming down until
there's nowhere to go

so give me an emergency exit
gets me out of here
and give me an emergency exit
gets me out of here
gets me out of here
gets me out of here
gets me out of here
