Tell me what is wrong
And Iâ€™ll put it in a song
And Iâ€™ll play it on the stage

Show me where it hurts
and Iâ€™ll write it down in words
and Iâ€™ll play it on the stage

Esmerelda
Youâ€™re so continental
Many people know your name

I donâ€™t know when it was
I got rabbit in my blood
I do not recall the age
I always did feel bad
But I donâ€™t know what I had
But now itâ€™s all the rage

Esmerelda
Youâ€™re so continental
Many people know your name
