This is the sound
Let it bring you down

This is the sound
Let it bring you down

well I am very far from home
(this is the sound)
and I am very close to homesick
(Let it bring you down)
balderdash
(this is the sound)
got country rock and bluegrass

This is the sound
Let it bring you down

This is the sound
Let it bring you down,bring you down
Bring you down

And it's running down my face
honeydew
and it's running down my side
yeah
honeydew
honeydew
honeydew
honeydew
come on....

I must insist
(this is the sound)
please come to Memphis
(Let it bring you down)
cause the weather is going to be warm
(this is the sound)
(can't remember)

This is the sound
Let it bring you down

This is the sound
Let it bring you down
