If I flew you  
to Honolulu  
I could do you  
my new tune  
but I've chosen  
very lonesome  
I suppose the wholesome thing to do

single spoon  
half asleep in your hotel room  
alone and basically up on the moon  
single spoon  
are you stupid?  
don't you know  
that it takes two  
to do the spoon?

now, I should warn you  
about California  
they're quick to scorn you  
if you fail  
to be the coolest  
or on the guest list  
and you're not foolish  
you're just kind of pale

single spoon  
half asleep in your hotel room  
alone and basically up on the moon  
single spoon  
are you stupid?  
don't you know  
that it takes two  
to do the spoon?

I'd make a major  
money wager  
that you've got your pager  
by your bed  
and I'm sleeping  
down in the deep end  
when I could be beeping you instead

single spoon  
half asleep in your hotel room  
alone and basically up on the moon  
single spoon  
are you stupid?  
don't you know  
that it takes two  
to do the spoon?
