I been drinkin' lately, girl, you know I'm sick in love  
Don't know when I'll be home, yeah  
Oh, then I see the faces when I'm standin' on the stage  
It gets me through the nights

And when I'm feelin' cold all I have to do is call  
To warn my heart 10,000 miles away

I been feelin' low and I really miss my son  
Hey boy, I'm callin' you  
When I think about our lives it gets me through the  
nights  
And warm my heart 10,000 miles away

10,000 miles away  
10,000 miles away

You knew this was a hard life when you met me  
Sometimes I can't feel if it's night or day, yeah  
You now I couldn't trade this baby if I had to  
Goddamn, it's hard being so in love, it's true

10,000 miles away  
10,000 miles away

Maybe I'm a gypsy, baby, livin' on stage  
Some thing's I guess will never, never change

Girl, I know you love me even with this path I choose  
Baby, I hear you call my name  
Anytime at all, anytime at all  
I'll warm your heart 10,000 miles away

10,000 miles away  
10,000 miles away  
10,000 miles away  
10,000 miles away  
Baby, I wanna make love

10,000 miles away  
10,000 miles away  
10,000 miles away

10,000 miles away

10,000 miles away

10,000 miles away
