I am old..
Older than any who may gaze upon me..
Gaze upon me,
ye fiery dragon of wrath,
I standeth still, unarmed,
yet ye cripple and burn before me.

Challenge my power, mighty wizards..
I standeth still, no weapon to defend me..
cast yer spells,chant yer incantations..
Yer power and glory,
will cripple and burn before me...

Friend, come to me..Open yer arms,

and embrace me if you can..
Love me if ye are insane..
Yer body shall sparkle and burn..
Before me, yet still I standeth..

How terribly old I am..
I challenge no one..
Yet I kill all in sight..
I have destroyed angels in the sky,
worms in the earth..
Cities have sundered underneath me..

I burn.
I am old.
