Motley Crue
"Don't Go Away Man"

We could sail away
Or catch a freight train
Or a rocketship into outer space
Nothin' left to do
Too many things were said
To ever make it feel
Like yesterday did

Season's must change
Seperate paths/seperate ways
If we blame it on anything
Let's blame it on the rain

I knew it all along
I'd have to write this song
Too young to fall in love
Guess we knew it all along

(chorus)
That's alright, that okay
We were walkin' through some youth
Smilin' through some pain
That's alright, that's okay
Let's turn the page

My friends called today

Down from l.a.
They were shooting pool all night
Sleeping half the day
They said I could crash
If I could find my own way
I told them you were leaving
On a bus to go away

That's alright, that's okay
We were two kids in love
Trying to find our way
That's alright, that's okay
Held our dreams in our hands
Let our minds run away

(chorus)

And remember what I say girl
And it goes this way:

Girl, don't go away mad...
Girl, just go away!
