Thinking back, those long
Summer days
Young and not afraid
Did what we wanted to
Broke some hearts, didn't
Think i'd ever start
To get tired of the part
That's when I pictured you

Met a face, already knew
So well
It was easy to tell
That you knew me too
Spent our time, laughing all
The while
I made you lose your smile
Now i'm losing you

Is it too late
'cause just like before
I'll be knocking at your door

Can't take the pain away
From you
And there's nothing I can do
Until you let me through
Without you there's nothing
Left for me
Oh baby can't you see
Together we will be, forever

Times have changed, some are
Good some are bad
The future that we have
Can't be all a dream
Nights that we would find
When we nearly lost our minds
How could we ever be so blind
'cause we were meant to be

Is it too late
'cause just like before

Iâll be knocking at your door
Canât take the pain away
From you
And thereâs nothing I can do
Until you let me through
Without you thereâs nothing
Left for me
Oh baby canât you see
Together we will be, forever
