I heard some kids telling me
How theyve lost all the faith in the way
Theyve been talking world peace
And the wars in the streets

The lines on their faces so deep
A revolution, or reach out
And touch the day
Were overdue child

Change
Now its time for a change
Nothing stays the same
Now its time for a change

I feel the future in the hands
Of our youth will be safe
No more lies
Old, tired fools tell our future
With tarot cards, and lie of crime

The lines on their faces so deep
A revolution, or reach out
And touch the day
Were overdue child

Change
Now its time for a change
Nothing stays the same
Now its time for a change

Ill change
Ill change
Not tomorrow but today

Change
Now its time for a change
Nothing stays the same
Now its time for a change
