Time and hurt is on my street  
I always knew it'd be the end of me  
I drink more than I sleep  
and I eat less than I weep

Cause I want you, ooh

Red light eyes and dark night ease  
I see the world through a will to please  
into ripe unconscious dark  
I have lost my burning heart

Cause I want you, ooh

You send me to an early grave  
I don't mind  
there is no life without you anyway  
you bring me to an early end  
that's alright  
you're all I ever wanted anyway

The weight of the world will always be  
precious dark and precious love  
I'll be waiting with a gun  
and a will to lose my mind  
cause I want you, ooh

You send me to an early grave  
I don't mind  
there is no life without you anyway  
you bring me to an early end  
that's alright  
you're all I ever wanted anyway

Cause I want you, ooh

You send me to an early grave  
I don't mind  
there is no life without you anyway  
you bring me to an early end  
that's alright

you're all I ever wanted anyway
