

Moto Boy "Young Love"

Young hearts light their own funeral piles.
A wild fire the hearts always keep to endure
And I know the yearning will always remain and
I know I'll always be asking for more and it won't let me
go.

Young love burning a hole in my heart,
Find me and take me where my belong.
Burn me I want it 'cause my love is young.

They asked me "what do you think you will find?"
And I replied "I don't know but it's something divine"
I always wanted a bittersweet heart it seems
It was already there from the start hold me
And hurt me, love and avert me
