walking late last night
she called me to her side
with her wild pale blue eyes
my heart now she did sway
away from another that is

for yourself, get out
nobody can make you cry the
way i have

on my hearts divide
i swear i could not hide
when she held my hand i died
of boot heels she did say -
you gonna dance them?

for yourself, get out
nobody can make you cry the
way i have

i lost my babe, because of my own
head until i rise again

for yourself, get out
nobody can make you cry the
way i have
