Someone else standing in my shoes
Count the hours since he left his boots behind
Still in limbo, think I'll stay up late
This infomercial's got me lifting weights for you

I'm sober
Is it over?
The nights gone and I'm still waiting
Another drink could save my life

What's this myth that said we'd have 'good times'
I can't seem to find my impulsive side
Just excuses and the lies
Simple thing ain't gonna make me survive
This rock 'n' roll thing still gives me life
And it's not gonna change
Is it all that strange?

I'm sober
Is it over?
The nights gone and I'm still waiting
Another drink could save my life

Someone else standing in my shoes
Count the hours since he left his boots behind
Still in limbo, think I'll stay up late
Lorenzo lamas got me lifting fuckin' weights for you
