Too long, I'll stall
I would finish these words
If I knew where to start
Whatever keeps it true I'll do

I'm there, I'm on
I would finish these chords
If I knew where they were from
Whatever keeps it true I'll do

Do you think these things will ever show
Don't choose too soon, not on your own
Don't leave the scene before you know
Your own way home

We're not like minds
I will run
I will find
A way to get along

Whatever keeps it true, I'll do

Do you think these things will ever show
Don't choose to soon, not on your own
Don't leave the scene before you know
Your own way home

Girl, your own way home
Girl, your own way home
Girl, your own way home
