There's pieces of you and yeah there's pieces of me
You're not in my life but you're
Haunting my dreams
There's pieces of you and yeah there's pieces of me
In everything I see

Took relationship advice from a
Magazine you like
Said it all but that's not how it feels
There's pieces of you and yeah there's pieces of me
In every one I see

You came
You left
But we'll start this all again

Sometimes you feel it
But then it goes
I guess your mind's still caught in stereo (x2)

There's pieces of you and yeah there's pieces of me
Can't live without music, its all that I breathe
There's pieces of you and yeah there's pieces of me
In every song I sing

You came
You left
But we'll start this all again

Sometimes you feel it
But then it goes
I guess your mind's still caught in stereo
