it's just a feeling you get
when you shake it to the left
crack smokers she just don't care
for your expertise
maybe it's true what they say
you're not the center but hey
got this far the wind's changing
it's time to grin and bow

don't feel right
she's your blood type
and everything you pray for
don't feel right
she's your blood type
and everything you want

it's just a matter of time
before you make up your mind
cash it in
this feeling won't hang around forever
maybe it's true what they say
about the games that you play
but a bet is calling out
it's time to grin and bow

don't speak what you're feeling
connect with the ceiling
i'm stealing
pretty sure i told ya
pretty we're feeling the same
i'm pretty sure i told ya
