Woke up insane today  
Dreamed I was blown away  
Ten thousand called my name  
Asleep at the wheel again  
Turn me down, turn me down  
Take my head and turn it around  
Turn me on, turn me on  
Everything I do is wrong  
Woke up in hell today  
Spoke to the devil, he turned away  
All of my friends were there  
They didn't have no time to spare  
Turn me down, turn me down  
Step back and I hit the ground  
Turn me on, turn me on  
Everything I do is wrong  
Out of the night comes a song that I know  
Twisted and ruined and black  
I can remember the people they were  
Nobody knows if they ever come back  
Lost in the ashes of time they still sing  
Echoes of romance gone bad  
I can remember them better than you  
I shared the darkness they had  
Dead and gone, dead and gone  
Woke up in my grave today  
I dreamed I heard you say  
All of eternity was pain  
I laid my head back down again  
Turn me down, turn me down  
Your lips move but you make no sound  
Turn me on, turn me on  
Everything I do is wrong  
Out of the night comes a song that I know  
Twisted and ruined and black  
I can remember the people they were  
Nobody knows if they ever come back  
Lost in the ashes of time they still sing  
Echoes of romance gone bad  
I can remember them better than you  
I shared the nightmares they had

Dead and gone, dead and gone, dead and gone  
So long, so long, so long  
Dead and gone
