(kim fowley/kerry scott)

Bobby and sue still go to school
Falling asleep and it ain't too cool
Time and day stuck in the rain
At every concert the bus leaves early
We're just wasting time
Wondering what we'll find when it's all over

I think I'll cut my hair off
And start a new game
Why bother being different
We're all the same
Hey friend, it's gotta end
I don't care what you wear
It's what you are that makes you a star

International heroes
You got the teenage blues
Change has gotta come soon
Or else we're gonna lose

Noise I hear year after year

Ain't done nothing more than become unclear
Hey everybody what have we got
Old clothes and records starting to rot
Don't throw them away
Open yourselves to the sounds of the future

International heroes
You got the teenage blues
Change has gotta come soon
Or else we're gonna lose (lose lose)

International heroes
You got the teenage blues
Change has gotta come soon
Or else we're gonna lose

International heroes
You got the teenage blues

Change has gotta come soon
Or else we're gonna lose
