I don't know who you are  
I don't know your name  
But if you want to live  
You better learn the game  
Don't know why you're here  
Ain't seen your face so far  
If you don't want to fail  
You better hide your scars

Make a poor man cry  
The way you run your life  
Make a poor man laugh  
The way you run your wife

Time you hit the road  
Better be on your way  
Don't scream  
Don't shout  
Three strikes and you be out  
It's a shame I know  
No chance to see the show  
Fear the man, kill the snitch  
Just remember life's a bitch

I don't know what you got  
I don't know your mom  
But if you like your life  
Then don't act dumb  
I don't know where you go  
And I sure don't care  
If you don't want to starve  
You better get your share

Make a grown man sick  
The way you run your mouth  
Make a grown man shake  
The way you're running out

Time to hit the skids  
Better be on your way  
Don't shout

Don't scream  
Three strikes and they be mean  
A shame you're right  
No chance to see the fight  
Be a man, fix the glitch  
Just remember life's a bitch

I don't know what you see  
I don't know the score  
But if you don't like blood  
You better close the door  
I don't know how you think  
Don't want to hear your tale  
And if you talk too much  
You're going to land in jail

Make a tall man short  
To see you act this way  
Make a short man puke  
The way you waste the day

Time to go to hell  
Better be on your way  
Don't moan  
Don't pout  
Three strikes take your ass out  
Oh no, bad news  
No chance to shine your shoes  
Fear the sky, eat the rich  
Just remember life's a bitch
