Love me forever, or not at all,
End of our tether, backs to the wall,
Give me your hand, don't you ever ask why,
Promise me nothing, live 'til we die,

Chorus

Everything changes, it all stay the same,
Everyone guilty, no one to blame,
Every way out, brings you back to the start,
Everyone dies to break somebody's heart,

We are the system, we are the law,
We are corruption, worm in the core,
One of another, laugh 'til you cry,
Faith unto death or a knife in the eye,

(Repeat Chorus)

Love me or leave me, tell me no lies,
Ask me no questions, send me no spies,
You know love's a thief, steal your heart in the night,
Slip through your fingers, you best hold on tight.

(Repeat Chorus)
