i'm the one you never see in the dead of night
Peeking in your window, staying out of sight
Go to bed, lock the door don't look in the mirror
What if I was right behind you
Smiling like a killer

I'm the knocking at your door when you're all alone
I'm the scratching zombie claw in your twilight zone
Cut you throat, catch your breath blood run like a river
Last thing you see before your death
Smiling like a killer

Killers in the house
Killers in the yard
Smile, Smile, Smile
Killers they're so hard
Smiling at your kids
Smiling at your mom
Smiling at your pets
They know where you come from
They know where you come from

I'm the razor at your throat in your fever dreams
I'm the one to get your goat, nothings what it seems
Freeze your smile, stop your heart, creep and crawl
and slither
Come to you and make my mark
Smiling like a killer

Killers in your room
Squirming in your chair
Smile, Smile, Smile
Killers they're not fair
Smiling in the crowd
Smiling all alone
Smiling in your ear
Call you on the phone
Call you on the phone

I'm the creepy homeless guy hanging around your
school

I'm the one to make you gone, low and base and cruel
In the evening we can dance, piggy in the middle
I will show you true romance
Smiling like a killer

Killers in the mist
Killers in the fog
Smile, Smile, Smile
They might eat your dog
Smiling here and now
Smiling all the time
Smiling in your dreams
A Smile just like mine
A Smile just like mine
A Smile just like mine
