Meet Me In The Red Room

Meet you in the red room
Close the door and dim the lights
I will be yours truly if indeed the price is right
So draw your sword, be my king
Let your passions rise and sing
Just show me the diamonds and I'll let you wear my ring

So just lay just down beside me, let us consummate
I know you're bursting, let me help you deflate
If you want to plug-in for a high voltage connection
Show me cold, hard cash and I will turn on my affection

Do you wanna help out?
I'll let you...
Just a little...

So don't hesitate, I won't kiss and tell
No need to worry 'cuz I'm, I'm a professional
The show can start as soon as I see money on the table
I've an empty space to fill I'm willing if you're able

DO you wanna help out?
I'll let you...
Just a little...

Meet you in the red room
Close the door and dim the lights
I will be yours truly if indeed the price is right
So draw your sword, be my king
Let your passions rise and sing
Just show me the diamonds and I'll let you wear my ring

I'll let you...

Let you wear my ring
Let you wear my ring
Let you wear my ring
Let you wear my ring...

Meet you in the red room
Meet you in the red room...
