Galaxies Galaxies Peril MB's throughout the Galaxies

Galaxies Galaxies Styles MB's throughout the Galaxies

Galaxies Galaxies Take it to the next level Ha Ha!

[STYLES]

Seems like this past night I fantasized we wasn't just
your average guys

with a dream, but no clean cut way to have that

It's fair enough for me to grab that, collectin paydays

Relaxin with a special lady, that is, for this show baby

But if rap can pay my rent and gas then all the rest is
gravy

Has it been since '89, my how time slips away

Now we'll flip this page script another chapter

Mountain Brothers, universal as we inchin up our
stature

[PERIL-L]

So envision the rapture wish to capture this millenium
Perennial bliss we sendin them, the mission's to hatch
out

In 97, mind's are leavened, search and find my
brethern

MC's pause, envy ours, MBs' stars aligned with heaven

[CHOPS]

Increasin your depth perception, the best selection, the
next direction

I leave it up to Trebek to guess the question as I bless
the session

How could y'all disgustin bustas even touch this
when it's just a reflection

My mass is critical, raps Invisibl like Skratch Piklz and X-
Men

Gettin Fem's confessin

Expressin predilection for sex and affection when I
finesse them
Illadelphly Asiatic
Representin from the West End section
Destined for presidential election

(HOOK)

[PERIL-L]

Check it out,
No more letters of rejection, no more gettin corrections
The music's headed in directions that's better than
perfection
Makin veteran connections, joinin old and new
It's the triad coined the golden crew, we're holdin true
Avoid livin out temptation, no longer givin out
demonstrations free
cause now we're without limitations, yeah..
(Galaxies, Galaxies, Galaxies. . .)

[STYLES]

What's that you say? Infatuated with me
Actually it's funny how I, tried to catch your honey
brown eyes
A year ago or so back, and now I'm Cyrano de
Bergerac
Nah I'm not mad, it's only natural for me to get more
ass than days past
And back then I wasn't slackin neither.. yahmean?

[PERIL-L]

Yea, true indeed, pursuin needs, stop and negate the
fallacies
We're doin deeds, that grew seeds to populate the
galaxies

(HOOK)

[CHOPS]

Hated havin to wait, can you relate, the man's got a
hand in your plate
From the date you hand him a tape, understand that
that's the breaks
Gots to take your chances and gamble the stakes
Cause I'm about expandin my fate like Alexander the
Great
I got handsome advances to make with jams that I
create
Dates in France and hands to shake with fans that can't
even translate,
Damn straight!

But we await the chance to take a stand
and enhance the debate with answers
Yeah, mad brains to emancipate, with answers

[PERIL-L]

Now take it to the next level, take a glance a greatness
Don't take life for granted
Cause fake types are stranded to waste, mics get
branded, embraced
Never abandoned on slates, we write the standard

[STYLES]

Ignite the planet, incite a riot when fans get excited
MB, three sons collided, now get fundin mad corpulant
We run things in a multi-corporate forfeit
First in order, Mountain Brothers rise continuous in
orbit

Galaxies, Galaxies, Chops, MB's throughout the
Galaxies
Galaxies, Galaxies, Peril, MB's throughout the Galaxies
Galaxies, Galaxies, Styles, MB's throughout the
Galaxies
Galaxies, Galaxies, East Coast don't stop til we rule the
galaxies
Galaxies, Galaxies, West Coast won't stop til we rule
the galaxies
Galaxies, Galaxies, Down South don't stop til we rule
the galaxies
Galaxies, Galaxies, Midwest won't stop til we rule the
galaxies
Galaxies, Galaxies, Worldwide don't stop til we rule the
galaxies.
