(Ft Dacia Bridges)

The question is what are we here for
An exceptional difference why ask for more
Don't underestimate this here is real
Our personalities do not appeal

Chorus

Ha
Let me see you bounce
Pound for pound
Ounce for ounce
Bounce baby bounce

Lend me just one ear
Make you go bazerk
When will this be worth
Come over whelm me
Paint what you like
Try not to speak
It's a moment in life

Chorus x 2

So fascinating the short life
We live, bring in some clarity
To deal with all this,
There is no reason,
Why we can't confront this
Crash all my symbols make it
Loud and lets live

Come over whelm me paint
What you like
Try not to speak
It's a moment in life
Don't underestimate this here is real
Our personalities do not appeal
