(Ft Roachford)

I been going half crazy, running circles heart is dizzy  
I'm hot-blooded, girl I wanted you, got so close but-  
could'nt touch you  
How come we aint-getting busy, thought that we'd be-  
making babies  
Read the signs-can you see, I've been patient-until now

CHORUS;

It's to late baby-too late baby, the sex has gone  
It's to late baby-too late baby, the sex has gone

Now you're saying, no more playing,  
Wanna give your-self to me  
Must have thought I-had forever  
But your thinking-was way off key  
Girl I still feel, something for you  
It not the same-as it was before  
Someone else has-got me confused  
Cos she's giving-so much more

CHORUS:

It's to late baby-too late baby, the sex has gone  
It's to late baby-too late baby, the sex has gone
