Sorrows

Another withered day embraces the night

Sorrows

Emotions stripped, my decline

Sorrows

A moment blurred obscures my mind

Sorrows

This well known feeling, I resign

I cannot move, I cannot hide

These thoughts are killing me, am I alive

I cannot move, I cannot hide

If this is my place I wonder why

In this life I cannot rest

My tortured soul is all alive

In this life I seem to forget

That there is something, the other side

I cannot move, I cannot hide

These thoughts are killing me, am I alive

Sorrows, sorrows, sorrows

If this is my place I wonder why

In this life I cannot rest

My tortured soul is all alive

In this life I seem to forget

That there is something, the other side

It is the fear that pulls me under

The insanity

The insanity that feed my demons

Sick fantasies

Where do I come from?

Where do I go?

Illuminate, show me the way to go

In this life I cannot rest

My tortured soul is all alive

In this life I seem to forget

That there is something, the other side
