Lets fight let's bring them down
Sink ships until they drown
Burn castles take their crowns
Our time is now

Take all your fears away
Put them in their graves
Left for dead and wasted away
We can show them
We can break chains
Chains that bind and bruise us

Lets fight let's bring them down
Sink ships until they drown
Burn castles take their crowns
Our time is now

Steal your breath and seal your fate
When you close your eyes
Will you still see my face?

Give all your dreams to me
Change reality
Lose yourself your past and be free
You can't move your fear enslaves you
Servant to your twisted mind

Lets fight let's bring them down
Sink ships until they drown
Burn castles take their crowns
Our time is now
Lets fight let's bring them down
Sink ships until they drown
Burn castles take their crowns
Our time is now

Steal your breath and seal your fate
When you close your eyes
Will you still see my face?

When we're lost and all alone

We'll fight to find our way
Broken spirits call us home
We'll fight to find our way

Steal your breath and seal your fate
When you close your eyes
Will you still see my face?
Burned into your mind
Will you still see my face?
See my face
