You said I wanna protect you M'am
I said I doubt if you can
I'm only glad that you answered me
It was kinda cheap I agree

La la la la la la la la

Hey M'am, I wanna be your man
I'll be your battering ram
Hey M'am, I wanna be your man
I'll be your battering ram
You even join the line, can't get it out of my mind
Love you - love you
Hey M'am, I wanna be your man
I'll be your battering ram

I think I have to excuse myself
Cause I behaved kinda rude
Don't say that I owe everything
To that same rude habitude

La la la la la la la la

Hey M'am, I wanna be your man

You even join the line, can't get it out of my mind
Love you - love you
Love you - love you

Hey M'am, I wanna be your man
