Ch.

I am your Juliet - You are my Romeo
Your love gives me ride like a rodeo.

In the dark of night, you told me it's over now
and soon I'll be alright, but you didn't tell me when or
how.

You tried to tell me a lie, but i found the real thorn
you're
only reason why is the neighbourhood where I was
born.

Ch.

Your father knows it best - I can only make you sad
'cos I am unlike the rest, and don't know how to please
your dad.

If you stay on his side, I will be gone for good. But I
know, you'll take a ride to my side of the
neighbourhood.

Ch.

The only way I can live my life is pain, since I can't see
you again.
The secret place, forbidden love, forbidden games - it
lasted only days.
