If you want it slowly don't knock on my door
'Cause I want it all and a little bit more
If you want to go anywhere just let me know when
'Cause I want to be there again and again
Now I know the time is right and I can't wait another
night
Love will never turn back around

CHORUS:

Breaking all the rules when we get together
Anything at all are you ready to do
Breaking all the rules we can run away just me and you
Oh oh oh oh

Now that we're going, let's go all the way
Nobody can stop us I don't care what they say
I'll take you places that you've never known
Don't look behind you are you ready to go
Now I know the time is right and I can't wait another
night
Love will never turn back around

CHORUS

I put my mind on the go because this feeling I know
Is never gonna go away
And everybody around me has nothing to say
I'm just a runaway

CHORUS
