You pulled my heart out of my chest and held it in front  
of my face.

We were on top of the empire state. I guess you put me  
in my place.

I can see my house from here. All she gave me was  
blank stares.

She didn't care. She didn't care.

I don't think you should make up your mind,  
'Cause I really feel like you should think this time.  
You'd be surprised how much I think about you these  
days. I think of you.

You pushed me off the building and laughed.  
Right then I was a thing of the past.  
Woah man, that girl really kicked my ass.  
I dusted off my shirt. Can't believe that I survived.

Scream to the top. I hope his conscience eats him alive.

I don't think you should make up your mind,  
'Cause I really feel like you should think this time.  
You'd be surprised how much I think about you these  
days. I think of you.

I hope his conscience eats him alive. I hope his  
conscience eats him alive.

I don't think you should make up your mind,  
'Cause I, I feel like you should think this time.  
You'd be surprised how much I think about you these  
days. I think of you.
