You look so funny
You dress alike, you sound the same
What do you know
What do you know
You're not going anywhere
Look at all the effort
All the time and all the work
Doesn't anyone, not anyone
Have something sane to say
What do you do
What do you mean
I think it's a perfect time to scream
Where have you been
What have you done
I've been right here, isn't it fun?
They look the same
They sound the same
They are the same
This ain't no city
In suburbia
Toss up all the sameness, I
would say
But I'm ashamed to hear me sound
Don't let me sound, let me sound
Like them
Before you speak, take a moment, give it thought
Do I really need?
I don't need to know the miracle you breathe
What do you do?
What do you mean?
I think it's a perfect time to scream
Where have you been
What have you done
I've been right here
Isn't it fun?
They look the same
They sound the same
They are the same
It's such a pity
Let it lilt Jodi!
Isn't this great?
Let's masturbate

Well ain't that pretty...
In suburbia...
