Well, I was sitting at the bar; she was looking at the
juke box selection
Well, I've never seen a cuter behind
I had to rush up with a glass of wine and control my
mind
Now, I couldn't believe my eyes when she turned and
looked my way
She was everything a man could want
But she was only playing with me till her man walked in

Oo I've never seen a woman like you
You got say that you want me too

Oh oh another Margarita, help me make it through
tonight
See I got to keep my senses; I got to play it right
Whoa another margarita, keep em' coming all night
Lady keep that music playing cause I'm in heaven
tonight

Now I was staring at the ocean thinking bout the night
before
And I'm sitting at the bar again
Waiting for her to walk in and play a song
I got my hair slick back, clean shaven and my hula shirt
on
See it's time to get the music right
Set the mood for love tonight, here we go again

Oo it's after 10 and the woman is nowhere
As I'm about to walk home, alone, she walks on in

Oh oh another Margarita, help me make it through
tonight
See I got to keep my senses; I got to play it right
Whoa another margarita keep em coming all night
Keep that music playing cause I'm in heaven tonight

Oo I've never seen a woman like you
You got to say that you want me too
Oh oh another Margarita, help me make it through
tonight

See I got to keep my senses; I got to play it right
Whoa another margarita, keep em' coming all night
Lady keep that music playing cause I'm in heaven
tonight

Oh oh another Margarita, help me make it through
tonight

See I got to keep my senses; I got to play it right
Whoa another margarita, keep em' coming all night
Lady keep that music playing cause I'm in heaven
tonight (Fade)
