what a fool i was to make you cry
and turn you away
looking back on it i'd rather die
than to see you in pain

and now i racking my brain
wondering how to make you love me again
please don't let me
be singing song in vain

for you i, i would do most anything
to see you smile again
tell me how to make it right
for you i, i would go to any extreme
to make you believe in love again
and i won't let you go this time

when i close my eyes i see your face
what a beautiful view
but when i reach for you there is no trace
of the love that i knew

how am i supposed to move on
when the biggest part of me is gone
baby let me show you i can be strong

for you i, i would do most anything
to see you smile again
tell me how to make it right
for you i, i would go to any extreme
to make you believe in love again
and i won't let you go this time

boy let's cut to the chase
i'll give you back the love i took away
if you can believe me
i promise to do whatever it takes
can you find it deep within
to let me prove to you you'll never hurt again
we were so in love

for you i, i would do most anything
to see you smile again
tell me how to make it right
for you i, i would go to any extreme
to make you believe in love again
and i won't let you go this time

for you i, i would do most anything
to see you smile again
tell me how to make it right
for you i, i would go to any extreme
to make you believe in love again
and i won't let you go this time
no i won't let you go
