too young to fall in love
but blind hearts can see the truth
and i see myself in you
you grant my every wish
with every tender kiss
and i know you feel it too

seemed like forever loneliness
had taken hold of my heart

suddenly all the stars came out to shine
suddenly now the moon and sun are mine
could it be you were sent here from above
suddenly im in love

i cry myself to sleep
i lost my faith to believe
that someone could be waiting for me
but somewhere deep inside
i felt you must be close by
like a half remembered dream

destiny took me by the hand
and led me into your arms

suddenly all the stars came out to shine
suddenly now the moon and sun are mine
could it be you were sent here from above
suddenly im in love
suddenly im in love

youre everywhere i go
and everything i do
you brought me back into the light
from a cold lonely night
and you made all my dreams come true
suddenly im in love

it seemed like forever loneliness
had taken hold of my heart

suddenly all the stars came out to shine
suddenly now the moon and sun are mine
could it be you were sent here from above
suddenly im in love

suddenly all the stars came out to shine
suddenly now the moon and sun are mine
could it be you were sent here from above
suddenly im in love
suddenly im in love
suddenly im in love
