(chorus)

baby we don't get along no more
you're not the one that i loved before
i'm sick and tired of the things you do
made up my mind i can't be with you
lookin at me sayin,"so it's like that."
i'm lookin at you sayin,"yes like that."
i need some time out to get over your madness

is it me or has everything gone wrong
can't you see that we don't get along
you don't have to be genius to relize
that this is so tragic
we've lost all the magic
i did all that i could to make it work
but who'd a thought you'd turn out
to be the perfect jerk

(chorus)

baby, we don't get along no more
you're not the one that i loved before
i'm sick and tired of the things you do
made up my mind i can't be with you
lookin at me sayin"so its like that"
im looking at you sayin "yes like that"
i need some time out to get over your madness

it used to be that when i'd call you'd come
but now it seems your good at playin dumb
should i just take things the way they are
no i don't think so i'd rather just let go
and lately you give things that i don't give
act like it's cool so you forget but don't forgive

(chorus)

baby we don't get along no more
you're not the one that i loved before
i'm sick and tired of the things you do
made up my mind i can't be with you
lookin at me sayin "so its like that"
im lookin at you sayin "yes like that"

i need some time out to get over your madness

(rap)

we need to keep it on the real now
aint got no time for da money
burnin my heart
tearin all my feelins apart
you try to tell me its the weather
but im feelin the same
no matter whatever the weather
cuz im feelin the same
you gotta go don't stop
keep on and don't stop

i did all that i could to make it work
but who'd a thought youd turn out to be the perfect jerk
and lately you give things that i don't give
act like its cool so you forget but don't forgive

baby we don't get along no more
you're not the one that i loved before
i'm sick and tired of the things you do
made up my mind i can't be with you
lookin at me sayin "so its like that"
im lookin at you sayin "yes like that"
i need some time out to get over and over you

baby we don't get along no more
you're not the one that i loved before
i'm sick and tired of the things you do
made up my mind i can't be with you
lookin at me sayin "so its like that"
im lookin at you sayin "yes like that"
i need some time out to get over your madness

eh eh eh time out eh eh eh time out eh eh eh time out
